Complete Cleaning Specialists

“Our relationship with Clean Notts is very important, we need to know that we can guarantee every clean to a very high standard. Clean Notts are extremely professional, they are always really smart and uniformed and our feedback from clients has always been positive.”

Kate Crown
Martin & Co Director

Property Agents end of tenancy, after build & communal cleaning.

In 2014 Martin & Co decided to develop their lettings department, they set up a new office and really concentrated on the letting side of the business. This increased property lettings considerably, with this reliable contractors are needed along with results that not only Martin & Co Properties are happy with, but their clients too.

We loved the increase volume of work. Being Martin & Co preferred cleaning supplier meant that we assigned designated teams and trained them in specialising in the different areas of End Of Tenancy cleaning which creates effective cleaning and consistency; ‘we are happy if our client is happy.’

We now have several letting/property agents that use our services, Liberty Gate, Top 365, William H Brown, Royston & Co and William May Developments to name a few, all expecting a cleaning service that delivers quality every time.

Fully Trained Staff

All Cleannotts operatives whether TUPE transferees or newly recruited staff, receive Cleannotts Company Induction Training, which includes instruction on:-

- **Health and Safety at work**
- **Control of Hazardous to Health (COSHH)**
- **The safe use of Cleaning Agents**
- **The Cleaning Specification and Customer Care**
- **Completion of time and Attendance Records**
- **Discipline and our Code of Conduct**
